## CORONET

**BACK BY POPULAR DEMAND . . .  
THREE ALL-NEW CORONET TWO-DOOR HARDTOPS.**

**You asked for them, so here they are! Three all-new Coronet hardtops. They're sized right, priced right, and styled to keep you out in front of the mid-sized crowd. In fact, our Coronets are the only all-new, mid-sized two-doors for '75.**

**CORONET BROUGHAM.** Personal. That's the word for Coronet. Want proof? Consider the vinyl front bucket seats with folding center armrest on Coronet Brougham. They surround you with support and put comfort at your elbow. There's shag carpeting to sink your shoes into. Plus a host of luxury options designed for your personal comfort.

**CORONET CUSTOM** could get by on looks alone. But take a closer look. It's loaded with extras. There's an Oxford-grained vinyl instrument panel with a complement of gauges, deluxe steering wheel, even color-keyed carpeting. Now you know, Coronet's good looks are just the beginning.

**CORONET HARDTOP.** Welcome, savers. This is our lowest priced Coronet two-door. Yet it's equipped with many of the same features you'll find on our most expensive models. There's the solid strength of Unibody construction. The stability of torsion-bar suspension. Plus the time and money-saving Electronic Ignition System. Want more? Just turn the page.

CORONET BROUGHAM 2-DOOR HARDTOP.

**Coronet's inside story is a comforting one.**

Coronet's new framed instrument panel is designed for total driver comfort and awareness. All controls are clustered neatly in front of the driver. Standard instrumentation includes an oil pressure light and fuel, temperature, and alternator gauges.

Total convenience is provided by Coronet's wide selection of power options. Six-way power seats are available with bucket or bench seats. Power windows put all window controls right at the driver's fingertips. In addition, there's a separate control at each window.

**CORONET BROUGHAM  
OPTIONAL  
BOCA RATON  
CLOTH-AND-VINYL  
INTERIOR.**

This handsome new front seat (shown left) features a convenient fold-down center armrest. Available in blue, gold, green, parchment, red, and black. Color-keyed shag carpeting standard.

All-vinyl bucket seats available in blue, gold, green, red, white, and black. (Coronet Brougham hardtop.)

Sun gold cloth-and-vinyl bucket seats are optional on Coronet Brougham and Custom hardtops.

Standard Custom hardtop all-vinyl interior includes deluxe low-back front bench seats, shown center at left.

Half vinyl roof (shown left) and canopy vinyl roof optional on Coronet hardtops only. Full vinyl roof available on Coronet sedans only.

Refinements on the all-new Coronet include a new reinforced bumper system with energy-absorbing mounts and an all-steel deck lid lock with superior break-in resistance. Coronet Custom 2-door hardtop shown above.

## CORONET SEDANS. THE FAMILY-SIZED VALUE.

CORONET CUSTOM 4-DOOR SEDAN.

Value. It means different things to different families. To some, it means comfort. To others, operating economy. And to still others, price. For 1975, we feel our Coronet sedans represent many different kinds of values.

Take comfort. Coronet Brougham's rich velour cloth-and-vinyl seats take this car out of the realm of ordinary family sedans.

Now consider operating economy. Coronet Custom and sedan are available with your choice of standard engines, an economical 225 Six or more powerful 318 V8. As for price, our Coronet sedan offers the budget-minded family an easy step into the comfort and convenience of a mid-sized car.

Whatever you feel a family sedan should be, we think you'll find it in Coronet for 1975.

Optional Custom sedan interior includes an all-vinyl split-back front bench seat with center armrest. Available in blue, gold, green, parchment, and red. Color-keyed carpeting is standard.

Electronic Ignition is standard on all Dodge cars built in the U.S. This system has no points or condensers to wear out or replace. With it, recommended spark plug replacement under normal driving conditions is extended to 30,000 miles for cars operated exclusively on unleaded fuel. (15,000 miles for cars using leaded fuel.)

New, larger 25.5-gallon fuel tank is standard on all sedans and hardtops. (Models equipped with catalytic converters contain a special fuel tank filler tube. It's designed to guard against the accidental use of leaded gasoline.)

Optional left and right remote-control mirrors are easily adjusted from the driver's seat.

This distinctive Coronet medallion pivots to expose a concealed trunk lock on Brougham and Custom models.

Velour-and-vinyl seats with a fold-down center armrest are standard on Coronet Brougham sedans. Colors include blue, gold, green, and red.

Coronet sedan's rear styling is accented by bold, new taillights for 1975. Hydraulic bumpers with energy-absorbing mounts and bumper guards are also standard.

**Inside and out,  
Coronet makes sense.**

## CORONET WAGONS. THE MID-SIZED WAGONS WITH ROOM.

CORONET CRESTWOOD 3-SEAT WAGON.

Meet the happy mediums. The 1975 Coronet wagons. They're trim on the outside, but roomy, the way people expect wagons to be, on the inside. Just load one, and you'll see what we mean. Coronet's generous 86.8 cubic feet of cargo space can handle big loads. You can lay four-by-eight-foot building panels flat on the floor—even with the tailgate closed! That's something you can't do with some mid-sized wagons. And isn't room one of the major reasons you're considering a wagon?

But there's more to Coronet wagons than room. There's also the convenience of a three-way tailgate. It opens flat—or to the side, with the window up or down. Handy side storage compartments let you keep odds and ends off the cargo floor. Coronet wagons even give you the added convenience of a TorqueFlite automatic transmission standard, Coronet. The mid-sized wagon with room... and a whole lot more.

Standard all-vinyl Crestwood wagon seats include front seat fold-down center armrest. Choose blue, gold, green, or parchment.

Convenient side storage compartments on Coronet wagons provide a handy place to keep all those little odds and ends that usually clutter the cargo floor.

New optional rear window defroster electrically cleans ice and condensation from the tailgate window.

Optional Fuel Pacer System helps your gas-buying dollars go even farther. When you give the car too much gas, this system alerts you with a glowing fender-mounted light. Easing up on the accelerator causes the light to go off. This helps you to drive more economically.

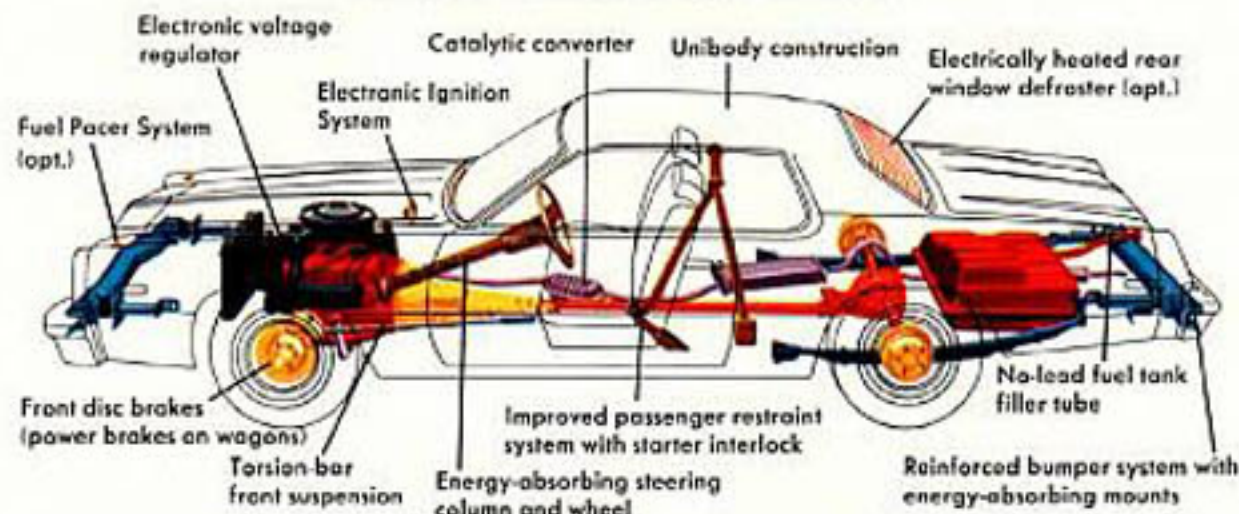

Coronet is one of the few mid-sized wagons that will carry four-by-eight-foot sheets of paneling—flat. Even with the tailgate closed.

Coronet's three-way tailgate provides complete access to the back. For the convenience of third-seat passengers, the tailgate swings open like a door—with the window up or down. It also opens flat, for loading cargo.

**The harder you use a Coronet wagon,  
the more you'll appreciate its sensible size.**

## CORONET ENGINEERING FEATURES

### STANDARD SPECIFICATIONS

ENGINES:	225 Six, 318 V8 (318 V8, Brougham and wagons)
TRANSMISSIONS:	3-speed manual, column-mounted (Torqueflite automatic, wagons)
SUSPENSION:	Front: Torsion bars with sway bar; Rear: Asymmetrical leaf springs
TIRES:	F78 x 14 BSW bias-belted (H78 x 14 BSW bias-belted, wagons)
WHEELS:	14 x 5.0 (14 x 5.5 wagons)
BRAKES:	Front: Manual disc (power disc, wagons) Rear: 10" x 2 1/2" drum (11" x 2 1/2" drum, wagons)
ELECTRICAL SYSTEM:	Battery: 305-amp; Alternator: 41-amp (225 Six), 50-amp (318 V8) Electronic Ignition System; Transistorized voltage regulator
FUEL TANK:	25.5 gallons (21 gallons, wagons)
TRUNK CAPACITY:	19.4 cu. ft. (4-dr. models); 14.5 cu. ft. (2-dr. models)
WAGON CAPACITY:	86.8 cu. ft. (plus 5.2 cu. ft. of concealed storage space on 2-seat wagons)
