

1982 PLYMOUTH

# HORIZON

# 1982 PLYMOUTH HORIZON... THE AMERICAN WAY TO GET YOUR MONEY'S WORTH.

Since 1978, over 1,000,000 American families have taken to the road in Chrysler Corporation's remarkable front-wheel economy cars. These roomy little travelers have always offered surprising ride and comfort for a family of five, plus the convenience and versatility of four doors and a full-width hatchback. No wonder that over the years Horizon has proven to be an equally outstanding

success in resale value. There are a lot of good reasons for all of Horizon's impressive achievements.

First, all Horizons feature front-wheel drive which provides for more overall interior space by placing major drive components up front and out of the way. It also lowers overall weight by eliminating the rear drive shaft and other heavy drive train components. So

Horizon is able to seat five in comfort, and utilize engine power more effectively while delivering excellent traction, maneuverability, and fuel economy.

In fact, a special 1982 Miser model is rated at **35** EPA EST MPG,\* 52 estimated highway (see pages 4 and 5 of this catalog for details).

Check into our 1982 Custom model if you like your economy rather dressy.

You'll find rich corded cloth-and-vinyl Sport bucket seats inside. Plenty of handsome styling and bright trim outside. A responsive overhead cam four-cylinder engine under the hood. And the smooth riding comfort of Horizon's refined front suspension.

\*Use the EPA EST MPG numbers for comparison. Your mileage may differ depending upon speed, weather and trip length. Actual highway mileage will probably be lower than highway estimate.

Horizon Custom in optional two-tone Burnished Silver Metallic and Charcoal Gray, with new standard deluxe wheel covers.

## AT CHRYSLER, QUALITY IS A SCIENCE.

1. Horizon Custom's new interior features cloth-and-vinyl Sport bucket seats with dual recliners.
2. Horizon Custom's standard four-spoke sport steering wheel and handsome woodgrain trimmed instrument panel. Gauges are easy to read. Controls are easy to reach and use.
3. Open Horizon Custom's handy rear hatch for 10.5 cubic feet of carpeted

4. Add to Horizon's carrying capacity by adding this optional rooftop rack that can be adapted for hauling skis, bikes, luggage or camping gear with special kits available from your dealer.
5. Front-wheel drive and advanced aerodynamic design help make Horizon

- sure-footed and efficient.
6. Computers were used extensively in the design and development of Horizon.
7. All Horizons are built with dedication and care in one of America's most modern assembly plants where they are continually checked and rechecked to make sure they're among the very best cars on the road today.

**About this catalog.** We have tried to make this catalog as complete as possible. And we hope you find it useful. However, since the time of printing, some of the information you will find here may have been updated. Your dealer has details, and you should ask him for current information before ordering.

Some of the equipment shown or described throughout this catalog is available at extra cost.

# HORIZON MISER: ITS **35** EPA EST MPG, 52 ESTIMATED HIGHWAY,\* AND LOW PRICE MAKE IT

This special high-mileage four-door is the car the competition must try to beat! That's because Miser delivers the economy America needs and the roominess and comfort America wants.

Powered by our specially calibrated 1.7-liter four-cylinder engine coupled with a four-speed manual transaxle with a 2.69 to 1 overall top gear ratio, Miser zips you through traffic while carrying

you across town or from coast to coast. Miser's new standard all-vinyl high-back bucket seats (at right) with deluxe color-keyed seat belts are available in four interior trim colors, while Miser's exterior color choices number 13.

For a touch of luxury, equip Miser with the optional TorqueFlite automatic transaxle and 2.2-liter engine, or a host of other options including automatic

speed control, deluxe windshield wipers, stereo sound systems, cloth-and-vinyl interior trim and more!

Miser's value becomes even more apparent when you consider its electronic fuel control system, dual horns, deluxe color-keyed steering wheel, front disc brakes and radial tires—all standard!

And with more than 30 billion miles

of front-wheel drive experience, Chrysler's engineering and quality assures you of carefree, mechanically uneventful motoring.

Like all Horizons, Miser is the product of quality-controlled manufacturing methods. Approximately one million examples of Miser's standard 1.7-liter overhead cam four-cylinder engine have been built and installed in Chrysler

Corporation cars since we first introduced Horizon back in 1978. Also, every transaxle is subjected to testing on a special electronic test stand to make certain it will deliver smooth, trouble-free operation. The New Chrysler Corporation's ongoing quality control program, rugged Unibody construction, and the extensive use of galvanized and/or pre-coated metal in critical areas

# LOW PRICE MAKE IT ONE FOR THE MONEY!

Corporation cars since we first introduced Horizon back in 1978. Also, every transaxle is subjected to testing on a special electronic test stand to make certain it will deliver smooth, trouble-free operation. The New Chrysler Corporation's ongoing quality control program, rugged Unibody construction, and the extensive use of galvanized and/or pre-coated metal in critical areas

for increased corrosion protection mean that your Horizon will stay like new for years to come. Seating for five with the accessibility of four doors makes Miser an economical family car . . . and the versatility of its rear hatch and cargo area makes Miser ideal for work or play! Add function to fun by ordering the optional Light Group which includes a map and courtesy light,

ignition switch light with time-delay, and lights for the glove box, ash receiver and the cargo area. Also included are halogen headlamps (for 25 percent more light intensity), and a buzzer that warns you when you leave the car with its headlamps on. With Horizon, you're always in control of the situation. Rack-and-pinion steering keeps you in control, too . . . right down to your

next stop with front disc brakes. Both are standard—engineered to give you the confident road handling you've come to expect from our front-drive Horizon. Horizon Miser—it'll go a long way toward convincing you that this is truly the one for the money! \*Use the EST MPG number for comparison. Your mileage may differ depending upon speed, weather and trip length. Actual highway mileage will probably be lower than highway estimate.

## CORROSION PROTECTION

Chrysler Corporation's corrosion protection is among the best in the industry. It includes the extensive use of galvanized sheet metal panels, one of the best known methods of corrosion protection, and pre-coated steel in critical areas, as well as the seven-step dip-and-spray process.

## Buy or Lease a Plymouth Horizon

If you buy a new car every two years or so, or would like to, you're in an ideal situation to take advantage of leasing—for that's the typical length of a lease contract. If you use your car in business, leasing could cut down on your operating and administrative expenses as well as give you accurate records for tax purposes. The more you learn about leasing, the more likely you are to consider it seriously. Talk it over with us—your local member of the Chrysler Leasing System.

- Safety-Rim wheels • Combination lap-shoulder belts for the driver and right front passenger, and lap belts for all other passengers • Seat belt reminder system
- Energy-absorbing steering wheel • Dual braking system with separate brake fluid reservoirs in the master cylinder
- Brake fluid pressure loss warning light (also serves as indicator when parking brake is applied) • Hazard warning flasher system • Turn signals with lane-change features • Electronic ignition • Backup lights
- Energy-absorbing sun visors • Front seat head restraints • Energy-absorbing front seatbacks • Inside and outside rearview mirrors • Side marker lights and reflectors • Seatback latches on folding seats • Fade-resistant front disc brakes • Electric windshield washers and wipers • Ignition and steering column lock • Anti-theft trunk lock • Headlamp and wiper circuit breakers with automatic reset • Key-left-in-ignition warning • Non-override door locks (except driver's door)
- Resilient window crank knobs • Side door beams • Dual throttle return springs • Interlocking door latches
- Recessed inside door release handles • Rotary glove

- box latch • Reinforced windshield header and roof
- Glare-reduction measures for windshield wipers, instrument panel and steering wheel • Double ball-joint rearview mirror mount

## 5/50 PROTECTION PLANS.

Chrysler offers you two choices of 5/50 Protection Plans: the 5/50 Power Train Plan and the 5/50 Custom Plan. These optional service contracts provide you with protection against tomorrow's rising service and parts costs for specified major repairs starting after your vehicle's "basic" limited warranty expires and lasting for five years or 50,000 miles (whichever occurs first) from your vehicle's original in-service date. The plans have a \$25 deductible, and provide an allowance for alternate transportation and towing. Ask your dealer for complete details.

All product illustrations and specifications are based on authorized information. Although descriptions are believed correct at publication approval, accuracy cannot be guaranteed. Some of the equipment shown on product illustrations is optional, at extra cost. Chrysler

Corporation reserves the right to make changes from time to time, without notice or obligation, in prices, specifications, colors and materials, and to change or discontinue models. See your Plymouth dealer for the latest information.

MOPAR parts are engineered by Chrysler Corporation for use in your new Plymouth Horizon. When replacement is necessary, be sure to specify MOPAR parts. Used by professional mechanics all over the world.
