

Shelby CSX

SHELBY
Power by Dodge. Unleashed by Shelby.

STREET SMART. *If you're like most car enthusiasts, there's probably two of you sitting in the driver's seat at any one time. One who is a little conservative and mild mannered on the road during the week. And another who's waiting to turn it loose at a weekend SCCA event.*

Thanks to Carroll Shelby, now there's one car that's right for both parts of your personality. And with only 750 scheduled for production, you have an opportunity to invest in the kind of unique automobile that Carroll Shelby is legendary for. Introducing the limited edition Shelby CSX. A true American road car for those who want the best of both worlds. Performance that can hold its own against almost any car you care to name. And better yet, it goes for a price that makes it easy to own.

RACE READY. *Contrary to the opinion of many so-called automotive experts, the real test of a high performance road car isn't necessarily measured by how fast it goes through your money. But rather how well it performs both on the street and on the track. Which is why we encourage you to take a few seconds and put Shelby's CSX through the paces. You'll find it produces some very impressive numbers. Like the 1/4 mile in 15.1 seconds at 91 mph. 0-60 in a head-snapping 7.1 seconds. Or a 135 mph top speed perfectly balanced by .85g's of cornering force.*

The Shelby CSX. Proof that you don't have to be an automotive genius to be street smart. Or pull down a six figure income to keep up with those who do.

SHELBY
Power by Dodge. Unleashed by Shelby.

This is the car for those who know the difference between high performance and hype. A car for those not easily conned by what they read in print. But are quickly convinced by a more emotional response that comes from the seat of the pants. This is what Carroll Shelby's limited edition CSX is all about.

How did he do it? If you know anything about the man behind this machine, you know it didn't happen overnight. The fact is, Carroll Shelby has been paying his dues on and off the track for over 25 years. It started with his legendary Cobras which he raced to a record setting 19 straight victories in Europe and America during the 1960's. It continued with his GT350's which still epitomize American high performance superiority for the lucky few who have managed to hold on to them.

Well, today he's proving that he hasn't lost a step. But there's only one way to prove it to yourself. Get in and drive one. What you'll discover is a rare driving experience made all the more unique by the fact that only 750 will ever be produced.

This extremely limited production run means that the engineers at Shelby Automobiles have the luxury of spending more time testing, retesting and fine tuning every component that affects power, handling and cornering.

One stirring result of this relentless pursuit for high performance without compromise is the engine. Shelby's engineering team has added a larger turbocharger, air to air intercooler, freer breathing intake system and modified the electronic fuel injection. The accumulative effect is a powerplant that puts out 175 horsepower with greater torque and better throttle response over the entire power band, without sacrificing reliability.

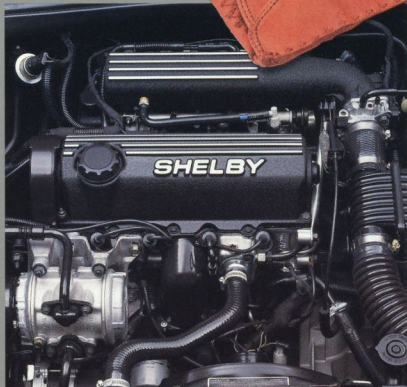

He's also improved the chassis with a completely refined suspension system. One that employs low pressure gas charged Monroe Formula GP isostruts with coilover springs and specially calibrated anti-roll bars on the front. In the rear is a semi-independent trailing arm suspension featuring Monroe Formula GP shocks and another anti-roll bar. Finally, 4-wheel disc brakes for stopping power and Goodyear VR/50 Gatorbacks to keep you glued to the road. All of which combine to deliver an astonishing .85g's of cornering force.

What's more the CSX has the sophisticated good looks to turn a few heads. A unique paint combination with custom designed Shelby aero package including front grille, air dam, rear spoiler and side skirts give it the kind of distinctive appearance that is genuine Shelby. Inside you'll find an array of extras like full rally sport instrumentation, special Shelby turbo boost gauge, signature steering wheel, premium quality AM/FM stereo with cassette tape player and digital clock in addition to innumerable other standard features.

The limited edition Shelby CSX. The appearance is sedate. The power is seductive. The only way to really appreciate one is by the seat of your pants. Which is why we suggest you arrange a test drive at your nearest authorized Shelby dealer, today.

For an authorized Shelby dealer nearest you, call 800-826-7366 in California or 800-233-8868 outside California.

- Full instrumentation cluster, Shelby turbo boost gauge, custom dash plaque featuring signature and individual production number.
- Adjustable premium cloth sport seats are ergonomically designed to provide comfort and lateral support for aggressive driving.
- 175 horsepower, turbo-charged and intercooled 2.2 liter multiport fuel injected engine.
- Goodyear VR/50 Eagle Gatorbacks with a speed rating in excess of 130 mph.
- Shelby Centurion brushed aluminum wheels designed to handle high speed driving.
- Low pressure gas charged Monroe Formula GP iso-struts with coilover springs.

- Carroll Shelby with original 427 Cobra.
- The CSX is qualified for various SCCA racing events.
- Integrated rear spoiler and distinctive Shelby emblem.

SPECIFICATIONS

Engine

Type	.4-cylinder in-line
Liters	.2.2
Valve Train	.SOHC
Displacement	.2213 cc
Compression Ratio	.8.1-1
Bore & Stroke	.3.44 x 3.62

Induction System

Intercooler	.Aluminum
Boost Pressure	12 psi max.
Max. Horsepower	175 @ 5300
Max. Torque	175 @ 2200-4800

Fuel System

Multi-point EFI Shelby Turbo with tuned intake manifold

Transmission

Type	.Manual 5-speed
Overall Top Gear Ratio	.2.57

Performance

0-60 mph	7.1 seconds
1/4 mile	15.1 seconds @ 92 mph
Handling	.0.85g

Suspension

Struts	.Monroe Formula GP gas sport
Springs	Sport coils
Swaybars	1 1/16" front; 1 1/8" rear
Shocks	.Monroe Formula GP gas sport
Tires	Goodyear Eagle P205/VR15 Gatorbacks
Wheels	.Shelby
Brakes, front	10.1" x 0.94" vented discs
Brakes, rear	10.6" solid disc
Steering	Quick-ratio (14:1) power

EQUIPMENT

- Accelerator Pedal—Heel-toe capability
- Air Conditioning
- Air Dam—Front and Rear wrap-around
- Battery—Maintenance-free w/level indicator—335 amp
- Black-Grill, Headlight Bezels, all Moldings and Antenna
- Brakes—Power assisted front disk/Kelsey-Hayes rear disc brakes
- Carpeting—Passenger compartment and cargo area floor
- Chimes—Seat belt warning, key ignition, headlights on
- Console—Full length w/arm rest, front & rear storage, ash receiver & cigarette lighter, rear light
- Corrosion Protection—Extensive use of galvanized steel and lower body urethane coating
- Demisters—Side windows
- Electronic Fuel Injection
- Electronic Ignition & Voltage Regulator
- Engine—2.2L overhead cam in-line 4-cylinder
- Exhaust System—Dual Pipe/stainless steel
- Floor Mats—Front & rear
- Fuel Cap w/lid
- Fuel Filter Door w/inside remote release
- Fuel System—Multi-point electronic fuel injection
- Fuel Tank—14 gallons
- Headlights—Halogen
- Hood—counterbalanced w/inside release
- Horn—Single note
- Induction System—Shelby Turbo with Intercooler and tuned intake manifold
- Instrument Cluster—Shelby Turbo Boost Gauge, voltage, temperature, fuel level and oil pressure gauges; speedometer (125 mph), tachometer, trip odometer/warning lights for brake system and low oil pressure
- Insulation—Premium body sound
- Liftgate Release—Remote
- Lights—Cigar lighter, dome and side marker
- Light—Center high mounted stop light
- Message Center—Lights for low washer fluid, hatch ajar, door ajar
- Mirrors—Outside dual power remote control—black
- Mirror—Inside day/night
- Mirror—Right side sun visor
- Mobile Engine Oil Fill
- Paint—Exterior available only in Black & Silver with exclusive Shelby graphics
- Radio—AM/FM stereo w/ electronic tuning, Dynamic Noise Reduction, cassette tape player, four speakers
- Rear Shelby Deck Lid Medallion
- Rear Window Defroster
- Rub Strips—Front & Rear Fascia
- Seat Belts—Deluxe with automatic tension reliever/refractor color keyed
- Seats—Bucket w/dual recliners & adjustable headrests • Premium Cloth
- Seat Rear—60/40 split back/fold down
- Security System for Cargo Area
- Serialized Dash Plaque
- Shelf Panel—Pivoting and removable
- Side Sills
- Spoiler—Rear Deck Lid
- Steering—Power, rack & pinion type w/quick ratio
- Steering Wheel—Carroll Shelby signature w/Shelby Logo Horn Button
- Suspension—Precision feel; including Monroe Formula GP front struts & rear shocks
- Tires—P205/15VR Goodyear Gatorbacks
- Transmission—5-speed manual
- Wheels—Cast aluminum 15" w/center caps
- Windshield Wiper—Deluxe w/intermittent wiper with washer

NEW VEHICLE LIMITED WARRANTY

- A.** The following parts have been modified by Shelby Automobiles, Inc.'s New Vehicle Limited Warranty for 12 months or 12,000 miles, whichever occurs first.
- Steering Wheel & Horn Button
 - Exterior Graphic Tape Stripes
 - Antenna
 - Cast Aluminum Wheels and Centers
 - Shelby Medallions
 - Master Cylinder
 - Exterior Plastic Body Ornamentation (e.g. Air Dams, Rear Spoiler, Side Sills)
 - Parking Brake/Cable Assemblies
 - Rear Disc Brake Assemblies
 - Brake Proportioning Valve
- Other parts or sub-assemblies which have been modified by Shelby Automobiles, Inc.
- B.** When the Shelby Automobiles, Inc. Limited New Vehicle Warranty expires, the following modified parts are covered by the Shelby Automobiles, Inc. Limited Powertrain Warranty for the next 12 months or 12,000 miles, whichever occurs first. This limited Powertrain Warranty is subject to a \$100 deductible for each repair visit.
- Engine—cylinder block and all internal parts; cylinder head assemblies; intake and exhaust manifolds; turbocharger housings and internal parts and turbocharger wastegate actuator gaskets and seals for listed components; fuel rail, injectors, air cleaner assembly; fresh air hoses; compressed air hoses.
 - Transaxle—Case and all internal parts.
- C.** Parts not listed in Paragraph A or B are covered by the following 1987 Chrysler Motors Corp. Warranties: New Vehicle Limited Warranty—12 months or 12,000 miles
- Powertrain Limited Warranty—24 months/24,000 miles
 - Anti-Corrosion Perforation Limited Warranty—5 years/50,000 miles
- You should refer to Chrysler Motors Corp.'s 1987 Warranty Information Brochure for details of the parts of the vehicle for which Chrysler Motors Corp. is the warrantor.
- Chrysler Extended Service contracts available at your Authorized Shelby Dealer.
