**2002 MAZDA
TRUCK**

SOMEDAY THEY'LL DISCOVER
THE GENE FOR THIS EMOTION.

Not that you have to wait till then. In a Mazda Truck, you can experience the rush of freedom, of going wherever you want, right now. All you and your companions know is it's a great feeling. As far as where it comes from, we'll let the scientists worry about that.

WHO SAYS RECESS HAS TO END AFTER THE FIFTH GRADE?

Sure, you're a little older now, but you still get the impulse to play. So do we. That's why we build Mazda Trucks in the first place. Sport trucks with the power and performance to make the world your schoolyard. Only without that annoying bell telling you to stop.

HOW TO KEEP THE FASTEST CARS IN YOUR REARVIEW MIRROR.

Or, for that matter, jet boats and dirt bikes—no matter how fast your weekend recreation, you still have to get your gear somewhere. That's why a Mazda Truck is always a good choice. For example, with a 207-horsepower V6, our B4000 can tow a trailer weighing up to 5740 pounds. That's more than any Frontier or Tacoma. So you have more freedom when it comes to choosing your favorite weekend escape equipment. Then just hitch it up, grab your gear and hit the road. 

 www.MazdaUSA.com

Wherever you see the  symbol, you can get the whole story on our interactive Web site.

ALL ROADS HAVE TO END SOMEWHERE.
DON'T LET THAT STOP YOU.

Where other drivers in ordinary rides see the end of a road, Mazda 4x4 Truck drivers see the beginning of an opportunity. It could be a new route to your favorite isolated camp. A better way up a mountain. Or just the sheer fun of mastering a difficult wilderness track. When asphalt suddenly becomes gravel or packed dirt morphs to mud, engage 4-wheel drive without even missing a beat. Because every Mazda 4x4 Truck lets you shift into 4WD on the fly, at up to 45 mph. Wherever you find yourself, respect the wilderness, follow the Tread Lightly!® guidelines...and have a truckload of fun! 🚛

YOUR HEART RACES. EVEN BEFORE YOU TURN THE KEY.

Just sitting in the roomy cab of a Mazda Truck is enough to inspire thoughts

of the weekend, even when it's only Monday.

You're up nice and high, with a commanding view.

Make a mental list of all the stuff you can fit behind the seats in the 2-door Cab Plus model—or bring along two more people in the folding jump seats.

Picture how the Mazda 4-door Cab Plus 4 model makes it so easy to get everyone and everything in and out. Imagine turning up the volume on your favorite

tunes on the stereo system and humming along as the workday world just fades away. Sound good? So

what's stopping you? Turn the key and let the spirit—and the Mazda Truck—move you. 

YOUR MAZDA TRUCK PUTS YOU
AHEAD OF THE CROWD.

THE MAZDA DRIVER'S ASSURANCE PLAN WILL KEEP YOU THERE.

Look at it this way:

We want your every drive in the Mazda Truck to be just as exhilarating as your first. That's why we engineered our unique and comprehensive Mazda Driver's Assurance Plan just as thoroughly as we designed the Truck. With it, you'll have the deep level of confidence that comes with a total level of care. 

The Three Parts Of Our Plan:

Under our Plan, your time and peace of mind come first. Starting the moment you take the key, your new Mazda Truck is covered by our 36-month/50,000-mile "bumper-to-bumper" limited warranty. While the Truck is under warranty, you're automatically enrolled in our 24-hour Emergency Roadside Assistance program. It's designed to get you going and minimize any inconvenience if the unexpected happens while you're on the road. And if your Mazda Truck is in for a warranty repair, the Mazda Service Transportation Solution can typically make sure you have another vehicle to drive.

These are just the basics of the Mazda Driver's Assurance Plan. For complete details, see your Mazda Dealer, or log on to MazdaUSA.com.

 M5 = 5-speed manual; A5 = 5-speed automatic

Payload: Payload weights shown are maximums and must be reduced by the weight of any passengers or optional equipment. **Trailer Weight:** Trailer weights shown are maximums and must be reduced by the weight of any passengers, cargo, hitch, or optional equipment in the towing vehicle. The following equipment may also be required: load-carrying hitch for trailers under 2,000 lb and load-equalizing hitch for trailers over 2,000 lb. Towing a trailer will have an effect on the vehicle's handling, braking, durability, performance, and driving economy. For specific information on recommended or required equipment, see your Mazda Dealer. Hitches are available through manufacturers other than Mazda.
